CREATE

After creating event, friend, gift your dashboard will look like this.

11) To share your gift with your friend select friend and then click on share button.

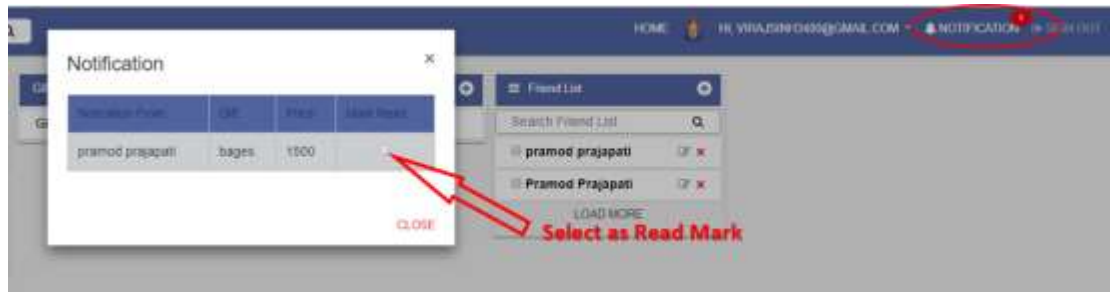

The screenshot displays a mobile application interface with three main sections: 'My Event List', 'Gift List', and 'Friend List'.
1. **My Event List:** Contains a search bar for 'Event List' with the text 'Son BirthDay' and a 'LOAD MORE' button.
2. **Gift List:** Titled 'SON BIRTHDAY' with a date of '27-10-2019'. It shows four images of a watch. Below the images, the gift details are: 'Watch', 'Gift From : Pramod Patel', 'Fossil Watch', and a price of '\$50'. At the bottom of this section are three buttons: 'SHARE', 'EDIT', and 'DELETE'. A red arrow points to the 'SHARE' button.
3. **Friend List:** Contains a search bar for 'Friend List' with 'Pramod Patel' selected. Below it is a 'LOAD MORE' button. A red arrow points to this button.
Text annotations on the right side of the image:
- '1. Select Your Friend.' with a red arrow pointing to the 'LOAD MORE' button in the Friend List.
- '2. Click on Share' with a red arrow pointing to the 'SHARE' button in the Gift List.

After clicking on share button Gift Share pop-up open and click on Share button.

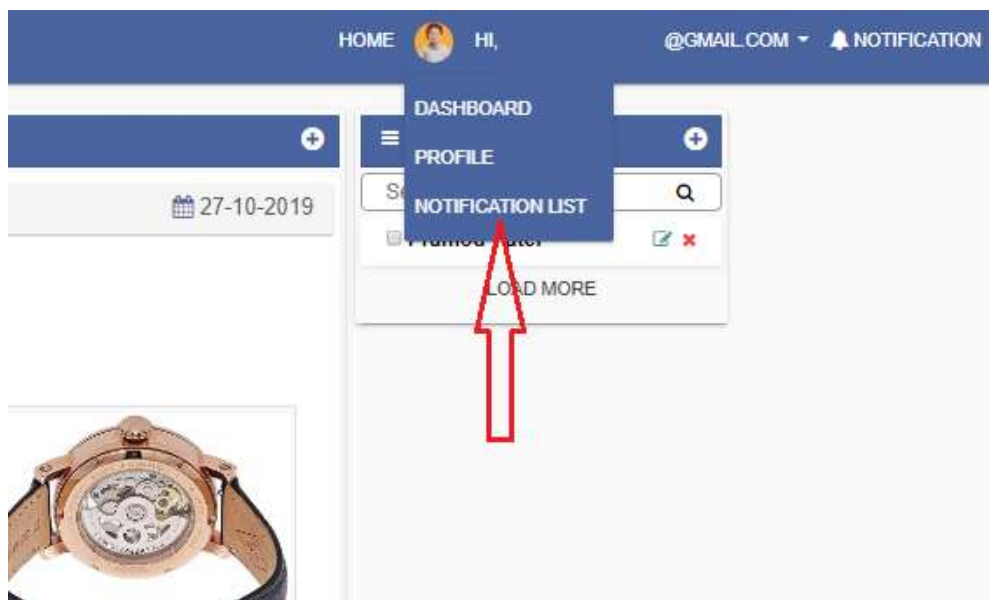

The 'Gift Share' pop-up dialog box contains the following information:
- **Event Name:** holi
- **Gift Name:** bages
- **Price:** 1500
- **Notification:** Gift sharing notification will be sent to Following friends if Email address is provided.
- **Recipient:** Rakesh patel
At the bottom of the dialog, there are two buttons: 'SHARE' and 'CLOSE'. A red arrow points to the 'SHARE' button.

After sharing Gift, your friend will received notification.

If your friend want to see Notification, then click on Notification Button and Notification pop-up appeared and your friend can select Gift Notification as Read mark.

If your friend want to see sent gift in details, then click on Notification List button

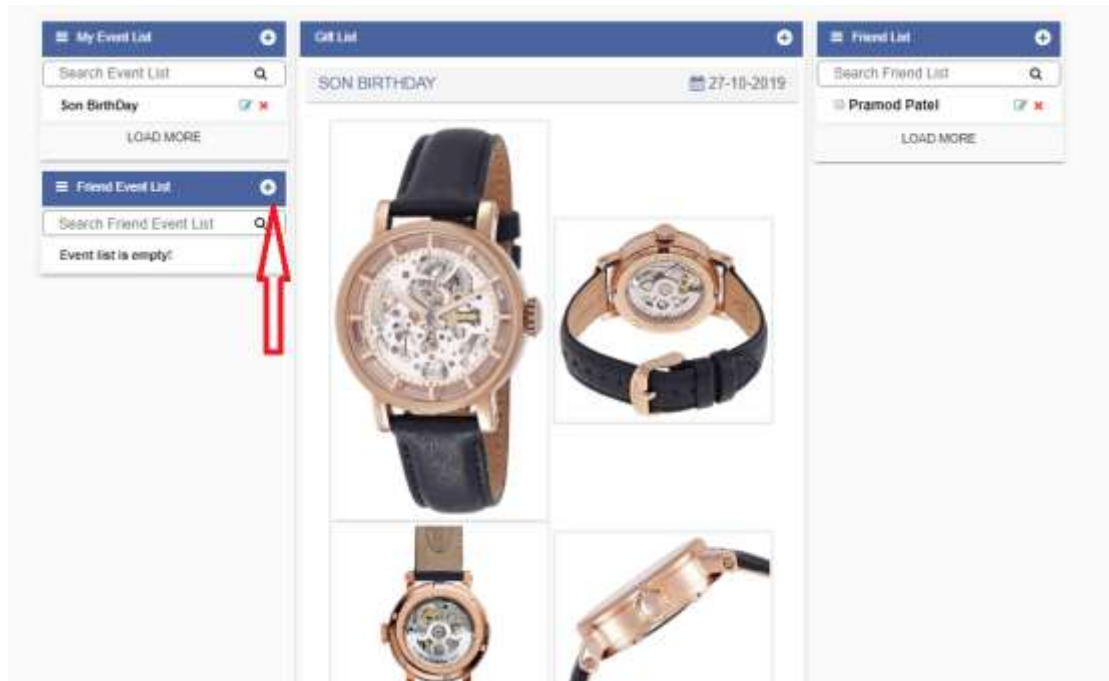

After Click on Notification List button, your Friend Can see his received Gift with more gift details like gift sender name, gift name, gift Price, gift Images etc.
